Your feedback is really important for future planning, putting on activi- ties that will be popular for all ages and applying for grants to help achieve what people really want. Please take the time to fill this form in and return to any committee member – most of you know who at least some of us are! You can also email info@downhamvillage.org.uk for a word copy to fill in and send back. Please share with neighbours, friends and family because everyone's input is valued. We are really keen for YOUR thoughts, ideas and any feedback you can give and all will be listened to and taken into consideration. We have recently reviewed our rates to ensure that hiring is as affordable as possible given rising running costs. There are considerable discounts if you live locally so just ask if you are looking for a venue.
